

Kansas Mathematical Association of Two-Year Colleges

Spring Conference ... March 29, 2008

Barton County Community College, Great Bend, Kansas

Exhibitor Information

Our conference will be held on the campus of Barton County Community College on Saturday, March 29, 2008. Proposals for presentations are due January 25, and we expect to have a preliminary program available by February 5 (including conference times). The early registration deadline is March 14, at which time we will have some idea of attendance figures. We would love to provide past historical attendance figures, but this is the first KAMATYC solo conference, so we can only hazard a wild guess of 20-50 attendees. We are posting basic information about the conference on our web site at: <http://web.jccc.net/academic/math/kamatyc/index.htm> . (It's probably easier to Google KAMATYC.) We hope you will support our fledgling endeavor.

If you want to exhibit with us, we will provide a table and chairs, electrical power, and internet access. If you have other needs, please let us know. The exhibitor fee will be \$25, plus \$10 per person for our lunch buffet. The deadline for registering is March 14, but if you register by January 25, we could include you in our preliminary program information.

If you want to do a commercial presentation, please complete the "Call for Speakers" form on our web site and submit it by the January 25 deadline. The speaker must register for the conference (\$10 for member presenter, \$25 for a nonmember, or pay \$15 to become a member and present), but there is no additional charge for a presentation.

If you are interested in donating a door prize, or in providing coffee and/or donuts, we would be most appreciative. And we would publicly announce our gratitude to the attendees.

KAMATYC has arranged a special lodging rate with the Highland Hotel. For details, see the "Preregistration Form" on our web site.

If you have any questions, please contact Steve Wilson at swilson@jccc.edu. Make checks payable to KAMATYC. (Sorry, we don't have the facility to accept plastic.) Payments can be mailed to:
